Roaring into THE 20's!

Roaring into THE 20's!

An Evening with Schott Communities

While we begin a new decade, our Models of Inspiration event continues a meaningful Schott tradition. Each year our brave, determined participants walk down the "runway" exuding confidence and joy, feeling like super models in this fun and spirited dinner program. They definitely inspire all of us to want to overcome whatever adversities we may face.

This dinner, along with the special moments that take place every day at Schott Communities, is made possible because of your support. You are the families and friends who enable Schott to continue our dedication and caring for people with special needs in our South Florida community.

Our founders, Fr. Jim Vitucci, Sister Conleth Brannan and our benefactor Mr. Joseph Schott, had the vision to create a remarkable site to be a source of hope and support for thousands of exceptional individuals in our area. Today, Schott Communities acts as a vibrant gathering place for hundreds of participants who enjoy our daily programs, live in our residential community, visit St. Jude Chapel and are joyfully involved in many of the services and events we provide. Many more are on a waiting list to join us.

Going forward, we hope to keep meeting the needs of those who are deaf or disabled. We look ahead to more opportunities for our clients to express themselves. Our aim is to continue to provide educational experiences and fun, social and interesting programs and events in a safe and nurturing environment.

Thank you for your support today and in the decade ahead.

Models at the dinner are just some of the individuals who we serve throughout the year at Schott Communities. Pictured are models from last year's event.
